

FIVE GOOD REASONS TO JOIN THE HOLLYWOODLAND HOMEOWNERS ASSOCIATION

1. The Hollywoodland Homeowners Association (HHA) is seventy-five years old with a rich history and archives that can support preservation of member's homes and property. Included in the files are some digitized house plans, photo documentation of homes and lots since 1987 and benchmark documents for the historic retaining walls.
2. The HHA represents your home and the entire community with other hillside umbrella organizations such as The Hillside Federation and the Hollywood United Neighborhood Council. It also has representatives attending all pertinent Griffith Park meetings, such as the Griffith Park Advisory Board.
3. The Association is your conduit to the City of Los Angeles for resources and expediting problems. Board members have direct communications with the staff at Council District 4, the senior lead officers of the LAPD, the Planning Department and Building & Safety.
4. The HHA has made a significant capital investment in a high-resolution camera system at the entrance of the village. We will provide documented support data to members who want verification of incidents that have affected their property and need a cross-reference.
5. Some board members and neighborhood volunteers are trained in the Community Emergency Response Team (CERT) program and will be on the first line to assist Hollywoodland in any disaster such as an earthquake or fire when the City resources are overwhelmed.

You receive all of these benefits from dedicated volunteer neighbors for less than eighteen cents a day. Who else works for that kind of money preserving your home and its property values? See more about what we do and how we represent you by signing up for our exclusive Facebook page and viewing our website.
