

2018 MEMBERSHIP DUES

The purposes, objectives and conduct of governance of the Hollywoodland Homeowner's Association have basically been unchanged since 1942. We continue to be advocates for your property, the preservation of values and overall safety in our neighborhood. The HHA Board of Directors consists of twelve volunteers representing Hollywoodland. We also receive assistance from fellow neighbors who participate on committees and report on issues specific to certain areas.

Our priority is to ensure neighborhood needs are understood within the City by communicating with our council office and other key departments on the issues we hear from our membership. We work hard to have current laws, codes and ordinances enforced, in addition to interfacing with the City on developing new legislation (i.e. tourist and visitor traffic, short term rentals, party houses, emergency response).

We also maintain, decorate and keep up the Village Green, host special events for the neighborhood, communicate community news through newsletters and email blasts, and support our Hollywoodland Design Review Board.

Your membership of \$65 dollars ensures we can continue our charge and effectively bring about solutions to issues that impede our safety, erode property values, and detract from the quality of life in our community. Tell us what is important to you and how we can be your advocate with one voice. For further details regarding our positions, accomplishments and allocation of dues visit our website at www.hollywoodland.org.
